"I have had a long relationship with CRM as an organization, and mentoring relationships with many of their staff. I unreservedly recommend CRM to leaders who want help in developing leaders. CRM has developed very useful materials specializing in mentoring for character formation and kingdom contribution. Mentoring is all about empowerment. CRM offers both the resources and the relationships to empower leaders for greater growth and impact."

OUR VISION

CRMS is an apostolic team of spiritual mentors, who **develop leaders to strengthen and start churches**. Registered in Singapore in 2003, we are part of an international fraternity of ministries that was born in the US in 1980, and now numbers 350 staff in 30 countries.

Building spiritual leaders is a highly relational process, so we do it in personal settings, usually over extended lengths of time. We establish learning communities and mentoring relationships where **leaders are nurtured, inspired, and directed**.
