There's much more! Take the next step to deeper understanding of God's purposes in your life.

Focused Living PERSONAL DEVELOPMENT PROCESS & EVENT

Focused Living is a **Personal Development Process** designed to help you bring **strategic focus to your life and ministry**. Focused living is obtained by i) **examining your past (Timeline)**, ii) **clarifying your future (Calling)** and iii) **identifying mentors** that will facilitate future growth and development (**Mentoring**).

The **Self-Discovery Workbooks** are available as a set of three. They are an expanded exploration of the principles presented in the **Retreat**, an intensive **Personal Development Event**. The workbooks present additional materials and exercises to help you clarify God's work in your life, His calling for your future, and help you understand and access mentoring resources around you.

The three workbooks can either be used as a **Self-Discovery** process for personal reflection and development, as a **Discipleship Tool** to help another Believer grow, or as a **Small Group Curriculum** to help a ministry team, cell group, or bunch of friends grow together in understanding and pursuing God's purposes.

A **Resource Kit** is also available which includes a **Leader's Guide** and **Audio CDs** for coaching others through the process.
