FOCUSED LIVING RESOURCES

Focused Living is a three step process to clarify God's unique shaping and calling in your life.

First you look at your history and identify **ways God has worked in your life** to shape you into the person you are today and prepare you for your ministry tomorrow.

Second you discern the Lord's unique calling for you and consider **how to focus your life** for maximum fruitfulness.

Third you identify **your developmental needs and the kinds of mentors available** to help in your ongoing development

CRMS is all about growth. We create empowering environments, relationships, and materials to help people grow in their character and ministry effectiveness.

Focused Living can be used in several different settings, and is available in both English and Chinese.

1. **A personal development tool.** The three notebooks can be used as a self-study curriculum to guide you through analysis of how God has been at work in your past, where he is leading you in the future, and what kind of help you need to get there.
2. **A discipleship tool.** The twelve lessons in the three notebooks give an ideal context for helping you guide another person to identify their purpose, values, vision, and make a plan for their future growth and ministry direction.
3. **A small group curriculum.** The lessons give helpful exercises and discussion questions for not only growing personally, but also helping to build strong relationships by understanding each other's values and life experiences.
4. **A personal or team retreat.** A 12-16 hour retreat format covers most of the Focused Living tools of personal timeline, biblical purpose, life and ministry values, and personal vision. You can join a publicly held CRMS retreat, or have a CRMS certified facilitator lead a retreat for your ministry team or congregation.

Through the Focused Living process, you will...
